June 16, 1998

Dear Harold,

Thanks for your letter of June 7. I am afraid that I have no suggestions about publication of your Posner or Hersh work. I have been heavily involved in publishing recently – more in the financial aspects of publishing companies. Do you think the King family could support publication of your Posner work?

Most of my time has been spent recently as a Trustee of a small health food publisher, Keats. The mission of the trust is to sell the company and we are in the process of doing that. (Hopefully by Aug 1) Thereafter, I'll be looking for new projects.

I became a grandfather a year ago – Hannah Beatrice. My elder son Jonathan is the father. He and is wife married & is working for Value Line (a financial publisher) Jill is well and is working on a novel.

I apologize for being (out) sort of touch.

My best to Lil and I hope you & she continue to hold your own healthwise.

Best Wishes,
Reelul
